

Effects Of Social Media In Modern Times: *and it's link to 5G*

Shree Poudel (*Colonel By Secondary School*)

Agenda

01

Introduction

Brief explanation of the presentation

02

Positive and Negative Effects

Bad and good aspects of Social Media

03

5G

What 5G is what it has done to our world

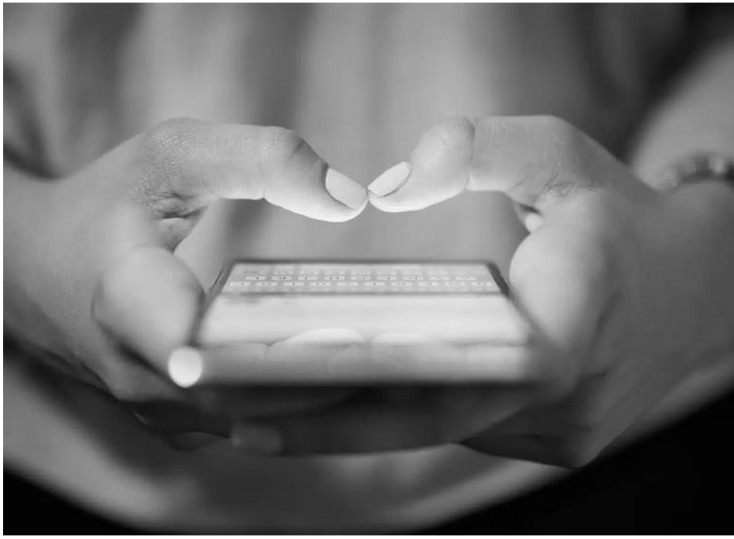

04

Conclusion

Everything summed up!

Introduction

- Brief run through

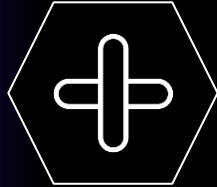

Ethics of Social Media

- Social domains
- Online platforms
- 3 C's

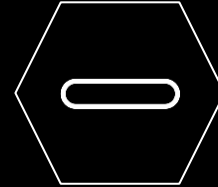

Negative and Positive Sides

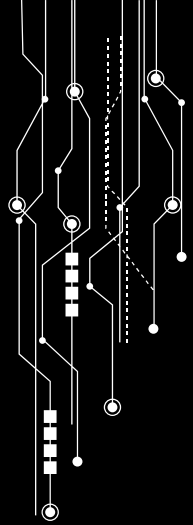

Positive

- Freedom on the internet
- Communication and connectivity

Negative

- Stalking
- Crimes
- Mental Health
- Fomo

Is It All Good Or All Bad?

- Study by University of Colombia
"Threatening teens mental health"?
- Times of India *"Advocating and relaxing stigma on various topics"*

Social Media: Summed Up!

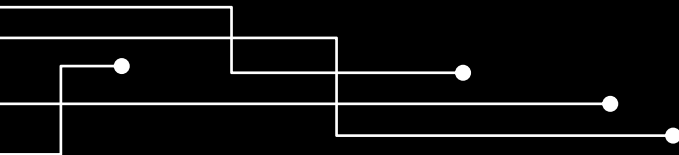

The image features a central hexagonal shape, representing a cellular network cell. Inside the hexagon, the text "5G" is written in a bold, white, sans-serif font. The hexagon and the text are surrounded by a vibrant, glowing aura that transitions from a bright cyan at the edges to a deep red in the center, creating a sense of energy and connectivity. The background is a dark blue gradient with some abstract light patterns in the corners.

5G

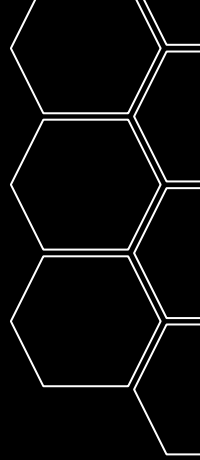

What is 5G?

- Latest wireless cellular technology
- New era of social media

5G In Our World

5G Effects

5G Effects

- Emits 600-900MHz
- Harmful MHz (Above 500)
- Different Types of radiation
- AMRC (association of medical research charities) *"We've all seen the media headlines that both deny and claim that mobile phones can cause brain tumours."*

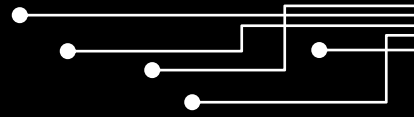

Domino Effect

Conclusion

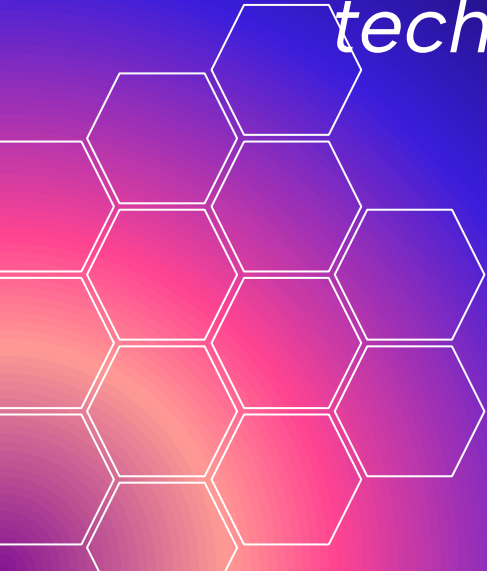

Everything Summed Up!

The author states *“humans have domesticated themselves. We live so differently than our ancestors because of technology and this is the root of most societal ills.”*

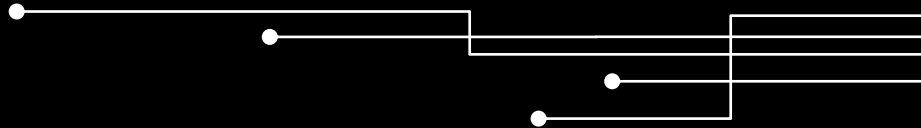

– **Christopher Ryan**

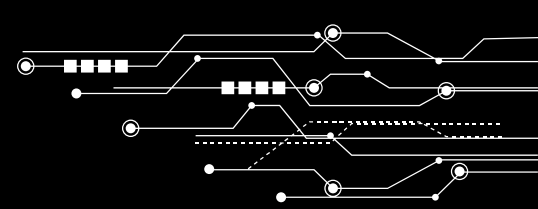

“Civilized to Death: The Price of Progress”
